## **Care Go Increases It's US Client Base**

Rail America, Inc. has added Care Go Holdings to its network of third party trans-loader/warehouse facilities. Care Go's Steelcare division is the premier rail transfer facility in Canada providing its clients with access to high capacity cranes, 150,000 square feet of temperature controlled indoor storage, acres of outdoor storage and fast turnaround times.

Rail America owns leading short line and regional railroads providing rail service to customers across North America. The Company's 40 affiliated railroads operate in 27 states and 3 Canadian provinces with approximately 7,500 miles of track.
