

Continuum Productions Inc. has chosen the Careport Center in Hamilton as a venue for its 2009 – 2010 exhibition and show season.

Suitable for consumer shows, trade shows, seminars, workshops or one-off events, the Careport Centre is the ideal alternative event venue located just off Hwy 403, accessible to the population base of 8.1 million people with six acres of free parking. More than 225 exhibitors can fill the space that occupies 170,000 square feet, making this building the largest consumer friendly alternative event facility in Southwestern Ontario.

Continuum Productions Inc. has worked out an agreement with Careport's parent, the Care Go Group of Companies to creatively make use of their facility, which includes hosting events such as the *Ideal Home and Garden Show presented by RE/MAX* and the **Hamilton RV Show & Sale** for local consumers.
